

Applied Thermodynamics Lab Automation Robotics Lab CAD CAM Lab Engineering Workshop
Fuels Lubricants Lab Instrumentation Control Lab Materials Engineering Lab Metrology Lab Strength
of Materials Lab Welcome to the Department of Mechanical Engineering The Department of
Mechanical Engineering was established in the year 2010. The department offers both B. Tech and
M. Tech courses. The postgraduate program, M. Tech in Computational Mechanics in Mechanical
Engineering was started in the year 2016. The annual intake for B. Tech and M. Tech courses are
120+ and 18 students respectively. The department is enriched with well qualified and committed
faculty members along with supportive and enthusiastic lab staff members dedicated to mold the
students as industry ready. Department has 14 well equipped laboratories contains very advanced
equipments including Wire EDM, 3D printer, CMM, CNC, Universal Milling, Robotic Arm, IC engines
which enable the students to gain hands on experience of handling basic equipments to advance
equipments. The department has well established Design and Simulation Laboratory equipped with
90 high end configuration systems which support the software packages such as Auto CAD, CATIA,
SOLIDWORKS, ANSYS, MATLAB, Deform 3D, Fusion 360 and Inventor which help the students to
sharpen their designing skills. Department also contains library, innovation lab, research lab to
provide an opportunity to explore the latest trends and promote students to participate in various
competitions. Department has signed MoU with reputed institutes like CITD-Hyderabad, NFTDC and
NASSCOM ? Qualification Packs to intern our students and improve their job opportunities. Many of
the Mechanical Engineering pass out students are well placed in companies like FMC Technologies,
Mahindra & Mahindra, BOSCH India, Hyundai, NFTDC, Toshiba, and in many more reputed
companies. Department students had participated in various state and national level competitions
and have won distinguished prizes and awards. Vision To be a global knowledge hub in mechanical
engineering education, research, entrepreneurship and industry outreach services. To develop and
serve practicing engineers, industry, government, educational and technical societies through
consultancy work by providing professional expertise. Mission Impart quality education and training
to nurture globally competitive mechanical engineers Provide vital state of the art research facilities
to create, interpret, apply and disseminate knowledge. Develop linkages with world class

educational institutions and R&D organizations for excellence in teaching, research and consultancy services. Short Term Course(STC-2021) on Emerging Technologies in Processing of Advanced Materials and its Characterization organized by Department of Mechanical Engg, RGUKT-Basar, from 4-01-2021 to 8-01-2021. Mentor Hours, Mechanical IN and OUT, a virtual interaction talk by Harsh.Ch (B14), Design Engineer-Cyient. on 10th June 2020 Virtual meet -What If I Were You, Road Map to Internship, by Harsh.Ch (B14), Design Engineer-Cyient, on 1st May 2020 An interaction talk was given by Srinivas.B (B09) , Design Engineer(R&D) at Stryker, on the topic Skills for Employment- Interview Tips thru Instagram, on 14th April 2020 Alumni talk - Road to be an Efficient Engineer, by M.Suresh(B08 Batch), Assistant Engineer-TSGENCO, on 4th Jan 2020 Training and skill development programme on CNC machining- Department Outreach Program - For ITI (boys), Nizamabad was conducted by mechanical department -from 15-07-2019 to 20-07-2019 During the Techfest 2019-20, a contraption event was successfully performed by the department of mechanical engineering FDP on product design engineer, Mechanical Engg dept was organized with NASSCOM at RGUKT Basar from 03-4-2018 to 07-04-2018 Talk show with Talent, Can Civils be a better option after B.Tech, by A. Subhash(B09 Batch), DSP-AP on 4th Aug2018
