About RGUKT Home Recruiters About RGUKT The Vision Established in the year 2008 by the erstwhile Government of Andhra Pradesh. RGUKT provides an ambience of excellence for the pursuit of knowledge leading to B.Tech degrees in different branches of Technology. The students are admitted after their class X and earn their B.Tech degrees in six years. The first two years provides a strong foundation in Mathematics, Physics, Chemistry, English and Telugu, essential to take up a modern four year engineering degree curriculum that follows. About 85% of the students of RGUKT are gifted children from rural State of Telangana, who may otherwise be deprived of opportunities for high quality technological education, food and other amenities. The students are admitted in the merit order of their performance in class X with a reservation given for rural students and mostly from meritorious top 1 percent of graduates from rural high school of Telangana and Andhra Pradesh. The Campus is residential and cater to the all-round development of the students in a healthy ambience. The academic programmer is rigorous. The University has well planned designed and built infrastructure in the campus. RGUKT has developed modern laboratory facilities in the campus for all discipline of Engineering with latest and advanced equipment to expose students to these equipment and gain best practical knowledge in their respective disciplines. Basar campus is almost on the banks of the river Godavari. The temple of Goddess Saraswati (GnanaSaraswati, goddess of knowledge and learning), one of the famous Saraswati temples in India. The Mission Rajiv Gandhi University of Knowledge Technologies Basar is a unique university which uses Information and Communication Technology (ICT) in teaching and it is the first of its kind

in the country. Established by Government of erstwhile Andhra Pradesh vide Act 18 of 2008 (now adopted by Govt. of Telangana State, vide G.O. MS. No. 29, dated 17/12/2014), this campus is almost on the banks of the river Godavari and is the abode of Gnyana Saraswathi, the Goddess of Knowledge. RGUKT is thus in the right location for the pursuit of learning under the gracious blessings of the divine; it has therefore gained instant fame and success. It covers a total of 272 acres for its Academic infrastructure, Sports activities and for the accommodation of students and staff, etc? Message from the Training and Placement Officer Mr. P.Hari Babu Training and Placement Officer The Training & Placement Office (TPO) establishes the vital link between students and prospective employers to facilitate training and placement of students. The prime strengths of the institute are the highly competent students, dedicated and research oriented faculty, staff and the state of the art infrastructure. Within short span of time, RGUKT has proved its mettle and has set itself apart as an institute of repute in Telangana region. The flexible, wide and dynamic curriculum has led to the development of various branches of technology. Apart from regular courses, students are also engaged in various cultural, technical, sports and literary activities throughout the year. We work relentlessly to ensure job placements for our students and provide them with top career opportunities. Various renowned organizations like, Infosys, IBM, TATA Motors, Wipro, Thought Works, Efftronics, Osmosys, BOSCH, ITC only to name a few, have successfully recruited our students over the last three years. The task of the placement office is to facilitating the placement process and serves as the interface between the students and the corporate world. Our challenge from Training and placement cell is to produce industry ready people who are professionally competent engineers by providing value-based and quality education to students and to make them adaptable to ever changing demands and requirements of the world. With great pleasure and honor, we invite industries and corporate houses on our campus and our students to take advantage of all TPO activities. Feel free to contact at [tnp@rgukt.ac.in](mailto:tnp@rgukt.ac.in). Looking forward to a long term happy partnership. Message from the PLACEMENT COORDINATOR Mr. K. RaviKanth Placement Coordinator RGUKT, Basar University has a centre for conducting students Placements and Internship activities from time to time providing quality training and industrial

exposure to students from the Training and Placement cell. One of the major contributions of our cell is to provide students in obtaining internships and placements opportunities in reputed companies across the global. We also provide them assistance in moving forward to government sectors and higher studies. Our cell also offers special training programs to improve their communication skills and technical skills. Our students have actively participated in various coding content and industrial training programs and secured internship opportunities in both academia and industry. We do conduct several motivational lectures to students and enhance skills by inviting eminent speakers from industry and academia. Our University has a record of higher number of placements in On Campus recruitment drives. About RGUKT RGUKT Basar Entrance Gate Rajiv Gandhi University of Knowledge Technologies Basar is a unique university which uses Information and Communication Technology (ICT) in teaching and it is the first of its kind in the country. Established by Government of erstwhile Andhra Pradesh vide Act 18 of 2008 (now adopted by Govt. of Telangana State, vide G.O. MS. No. 29, dated 17/12/2014), this campus is almost on the banks of the river Godavari and is the abode of Gnyana Saraswathi, the Goddess of Knowledge. RGUKT is thus in the right location for the pursuit of learning under the gracious blessings of the divine; it has therefore gained instant fame and success. It covers a total of 272 acres for its Academic infrastructure, Sports activities and for the accommodation of students and staff, etc? The primary objective of establishing RGUKT was to provide high quality educational opportunities for the aimed rural youth of the state. The initial goal was that at least the top 1 % of the rural graduates would be given the opportunity to study at RGUKT. RGUKT Academic Block 2 It has been observed that, on an average, the marks obtained by the students in rural India are about 10-20% lower than the marks of students studying in private schools of urban India. As a result, most of the seats for higher education gets filled by students from these private schools when the basis of selection is the marks obtained. Even if a rural student is capable, the educational system doesn't allow him to go ahead. The goal of RGUKT is to help remedy this unfortunate situation. This is overcome by adding deprivation score of 0.4 to the 10th class GPA applicants from non-residential Government Schools including Zillaparishad and Municipal Schools. Having an objective to provide high quality Engineering Education to the rural

meritorious youth of Telangana State who are social and economically backward, the University is now a home to 135 faculty members, 120 non - teaching staff and 60 out sourcing staff. The university comprises of three Academic blocks with more than 120 ICT equipped class rooms, well ? equipped laboratories, two well furnished libraries with more than 7,00,000 volumes, three boys? hostels and three girls? hostels and three messes to provide the quality and nutritious food. RGUKT Overview It has now become a university of great reputation in Telangana State (and in India as well) as the number of students placed in various companies, Government services and public sector units is second to none. Many students have participated in various academic activities conducted by NASA, ISRO etc. Once a student is admitted in the 6-year Integrated programme comprises of 2-Year Pre-University Course and 4-Year B.Tech Course, the University takes the full responsibility of his/her all ? round development viz. academic, technical and cognitive development as well and prepares him/her to meet the challenges of his/her future endeavors.

Our Recruiters Home Recruiters Our Recruiters Company Registration For Visit All interested companies are requested to visit the RGUKT website (<http://www.rgukt.ac.in/placement/>) or they can respond by email ([tnp@rgukt.ac.in](mailto:tnp@rgukt.ac.in)) to correspondence with the T&P Cell. Authorized persons of the company should fill up the details in Job Notification Form (JNF) and send it to T&P Cell of RGUKT ([tnp@rgukt.ac.in](mailto:tnp@rgukt.ac.in)in/ [fictnp@rgukt.ac.in](mailto:fictnp@rgukt.ac.in)) for further process. Companies can also use JNF available on website/ sent along with invitation and send filled JNF by post/email/fax/ to the T&P Cell, RGUKT-Basar. JNF provides the information on job description and other details. It is therefore, highly desirable that the form is completed in all respects. Also company can send relevant information for sharing with the students. A mutually convenient date for company visit will be finalized through consultation with the T&P Cell. The Job Announcement (JA) will be notified to the students and company posters (if sent) will be displayed at on notice boards. Eligible and interested students should submit their applications either T & P Cell format or company format (if specified). Based on the list of students submitted to the company, short listed candidates should be informed by email ( [tnp@rgukt.ac.in](mailto:tnp@rgukt.ac.in)). Recruitment for selection process (PPT, Schedule of visit, system requirements for online test, meeting rooms and other) should be informed. Guesthouse facilities

available inside the campus/ nearest hotel and local transport from railway station from the campus shall be provided to company officials on prior information.

Why Recruit at RGUKT? Home Recruiters Why Recruit at RGUKT? RGUKT (Rajiv Gandhi University of Knowledge Technologies, [www.rgukt.ac.in](http://www.rgukt.ac.in)) has seven branches of engineering ? Electrical, Electronics and Communications, Computer Sciences, Mechanical, Civil, Chemical and Metallurgical and Materials Engineering and PG programs in 3 Engineering streams. The students are highly trained and disciplined. As per the University's charter, 85% of the students are taken from the rural districts of Telangana. Several leading companies visit RGUKT every year to recruit our students. The University runs specialized labs and programs to ensure the students are as industry-ready as possible. INTEL Intelligent lab in the domain of sensors and Internet of Things set up by Intel, IBM's CEP (Career Education Program) in cloud computing, ARM University program in Embedded systems are some of the specialized labs and courses that are currently operating in the campus. NASSCOM's QP (Qualification Pack) and FSIT programs in Data Analytics, Production Design and Heavy equipment are scheduled to commence this academic year as RGUKT has already signed an MoU. RGUKT has signed an MoU with the Non-Ferrous Materials Technology Development Centre (NFTDC) and C-DAC where our students do a full semester internship in ongoing funded research projects. KIHT (Kalam Institute of Health Technologies) has signed an MoU for incubating and encouraging startups in the domain of health technologies, medical devices and community health domains. RGUKT also houses the TIIC (Telangana Innovation and Incubation Centre) in its campus which it hosts under an MoU with TITA (Telangana IT Association). In the first phase TIIC is being developed to host about 15 industry startups. Space for a few student's startups is also being provided. The students are going to be mentored by industry experts who are members of TITA global family. RGUKT has slowly but surely risen in reputation as its graduating engineers have acted as perfect brand ambassadors for the university. Batches of engineers graduated from RGUKT are placed in various companies, Government services and public sector. The metamorphosis of these students from reticent youngsters unsure of themselves into professionals rubbing shoulders with the best is a matter of great satisfaction and also a

testimony to the founding principles of the University. RGUKT believes in inculcating right attitude in the minds of young students and develop them as individuals who have the innate desire not just to succeed in their own lives but also to contribute meaningfully to societal development in all possible spheres.

Rules and Procedures Home Recruiters Rules and Procedures Guideline for Placements Objectives of T&P Cell Campus Placements Student Registration - Master Placement Registration Data Student Registration For A Particular Company Placement Process Placement Selection Process Procedure To Be Followed When A Company Visits Off Campus Opportunities Invitation To Companies For Placements Department Faculty Representatives And Student Representatives OBJECTIVES OF T&P CELL Following are the objectives of Training and Placement Cell of RGUKT. To guide and help in imparting quality practical experience through internship opportunities To develop confidence building to face the selection process of job recruiters To provide employment opportunities through campus placements by inviting reputed companies to the campus To provide information and training for the competitive examinations conducted by Govt. of India like Civil Services, Indian Engineering Examination, Banking and Railway recruitment board examinations etc., and the state level competitive examination To inform on off campus job and research position opportunities To guides in higher education and research opportunities and motivate the students for better career. CAMPUS PLACEMENTS 1) STUDENT REGISTRATION - MASTER PLACEMENT REGISTRATION DATA All E4 students who are interested in campus placements should register for participating in campus placement selection process as per T&P Cell notification usually during end of third year of engineering (E3 S2) for B Tech and 2nd semester for M Tech students (in the month of April) to prepare master placement registration data. Following procedure should be followed for registration. Interested students in placements should register with campus Training & Placement Cell (T&P Cell) either through hardcopy submission or online (as per Format of T&P Cell) as per T&P Cell notification usually in the month of April. T & P Cell should prepare the online registration link fields as given in Format T&P Cell for online submission. Students should be informed about the online registration link (through local hub) and they must

register for placement before leaving the campus for summer internship. Student should carefully fill up all the information while registering. Any false information furnished will lead to disciplinary action. Marks/grades secured should be entered correctly to the second decimal point (e.g: Marks: 75.74 not as 76.0 it should be 75.74; Grade: 7.36 not as 7.4, it should be 7.36). Issue of grade sheet, announcement of results of remedial/ other exams, verification of academic credentials etc are not the responsibilities of T&P Cell. Students have to approach exam cell/ any other relevant authority for these. No. of backlogs, as on date, should be mentioned correctly. Students should fill up all data carefully and verify the entered data before final submission. Students must submit the proof (from exam cell) on B Tech grade entered in the online registration. Else the candidature for placements will not be considered. Without registration will not be considered for placement process. After successful submission of the online registration, it will not possible for resubmission or modification of the data. However if any student wants to modify the data at later stage in view of incorrect details submitted, improvement in CGPA, clearing off backlogs etc , they should submit hard copy application along with proof of documents with the recommendation of respective Faculty Representative and HoD. Whenever T & P Cell receives a request for modification of student data, the same should be incorporated in the master registration data and later to be informed to the concerned. For any queries, students should send mail to [tnp@rgukt.ac.in](mailto:tnp@rgukt.ac.in) not to any other email id. Only those students who have registered with the Training & Placement Cell (T&P Cell) RGUKT within the stipulated time are only eligible to participate in the placement process.

2) STUDENT REGISTRATION FOR A PARTICULAR COMPANY PLACEMENT PROCESS

Job Announcement (JA) will be posted on campus local hub and notice board on receiving the information from the company about campus/off campus visit. Students are advised to visit campus local hub and notice boards regularly for job announcements (JA), updates and other information. No other mode of communication will be provided. Students who have registered for placements earlier i.e. end of E3 S2 for B. Tech and 2 nd semester for M.Tech should apply for each company selection process against Job announcement (JA) of any company. Before applying, students are advised to go through the job description, company profile and other relevant information. Students must apply

within the stipulated time mentioned in the JA. No late submission would be entertained. In case of any problem with registration for placement process, student should contact T&P Cell and follow the instructions of T & P Cell for registration. Students are advised to apply for a job in any organization only if he/she is eligible and interested in taking up a job. No withdrawal of candidature will be permitted. If any registered student found to be not attending the drive, such student will not be permitted to sit for next placement process. And such students need to submit an explanation to the T&P Cell with the recommendation of Faculty Representative and HoD concerned. List of students who have applied for a particular company on time in response to Job announcement (JA) will be sent to company for consideration and only short listed students by (a) company (b) T&P Cell, as the case may be, would be permitted for process. Short listing is generally done based on CGPA of the student considering grade up to E3 S1 or E3 S2 decided by T & P Cell. In case of short listing, other than CGPA criteria, a committee consisting of following members would short list the required number of students for the drive. (i) Faculty In-charge, T & P Cell (ii) Placement officer (iii) Head of the department/s of concern students (iv) Faculty Representative of concern department. The short listing done by the committee is final and binding. Short listed students would be notified and students are advised to prepare for the campus selection process as per schedule given in the JA.

**3) PLACEMENT SELECTION PROCESS**

**3.1 Pre -Placement Process**

List of applications received from student on time and short listed by campus T&P Cell would be sent to company for consideration. On hearing from the company, the final date of visiting the campus and time of each activity would be notified to the students and short listed candidates should comply with the selection procedure of the company. Students should attend the placement activities as per notified time schedule. No late arrival to any placement activity is permitted. Students must carry their valid identity card with them during entire campus placement selection process i.e. Pre placement talk (PPT) , written test, group discussion, interviews etc and produce the same whenever demanded by the recruiting members, T&P Cell or any authorized member of RGUKT. Students are advised to visit company website to know the job requirements. Any queries related to job or other matter must be clarified with the company officials during their visit to campus i.e. PPT. No direct communication

with the company officials is permitted. Students are not permitted to interact with the company official directly. Any queries must be clarified during the pre placement talk (PPT) itself. For any other doubts (if any) after PPT, they should bring it to the notice of the T&P Cell for necessary action. Student should maintain discipline while attending pre placement talks (PPT), written test and interviews etc... Students must attend the Pre Placement Talk by the company as per the notified time. If any student doesn't attend the PPT, campus T & P Cell reserve the right to refuse the permission to attend the particular drive. Dress code: Students, who are short listed for interviews (Group discussion/Personal Interview), should attend the process with proper formal dress on time. Boys are advised to wear shoes. If any student doesn't appear in decent formal dress, campus T&P Cell reserves the right to refuse the permission to attend the campus selection process. Students should keep ready all documents well in advance and they should be in a position to produce on time. Student should carry certificates in a proper file along with two passport size photographs and a copy of their latest resume for the interview process. Students are permitted to clarify any of their doubts at any point of time with T&P Cell. FIC/PO, T&P Cell reserves the right to refuse any student from placement activity at any point of time if student does not follow any of the above procedures. Disciplinary committee: Student must not involve in malpractice or impersonation in the placement process. If found, such students would have to abide to the decision of T & P Cell through committee that may include debarring from placement activity for entire year etc.

### 3.2 Post Placement Process

List of selected students obtained from company would be notified to students and also displayed on notice board of T&P Cell. Companies would send offer letters of the students along with other information to T&P Cell. After receiving the offers letter by the selected candidates, they should follow the instructions given in the offer letter. Any student who has applied or secured a job through off campus is not considered under T&P Cell placement process. Such students are advised to inform T&P Cell after their selection and voluntarily withdraw their candidature from placement for the benefit of other students. One student one job offer is strictly followed. Student with job offer through T&P Cell will not be considered for other companies for placements. (The placed students may be given only one chance for appearing placement process for which the

company is offering a premium package). If a student is not joining an organization under unavoidable circumstances, then the accepted job offer (original) must be surrendered to the T&P Cell. If any student fails to comply with any of the above mentioned rules and regulations or found indulging in any act of indiscipline/misbehavior, he/she would be liable for strict disciplinary action, as per the university rules and regulations.

4) **PROCEDURE TO BE FOLLOWED WHEN A COMPANY VISITS** Based on the request from company/decision of T&P Cell, location for campus selection process of a particular company would be decided. Accordingly interested and short listed students should attend the drive. In case of off - campus drives at other than RGUKT campus, T&P Cell team along with other faculty and staff members should accompany the students. T&P Cell should workout the no. of faculty and staff for accompanying the students and the same should be brought to the notice of Director of the campus. Director should intervene and inform HOD to depute the required no. of faculty/ staff to accompany students in such drives. T&P Cell should also arrange for accommodation and travel at off campus drives to the possible extent. Students should apply for station leaving/gate pass and they should obtain permission from (a) HOD of concern dept (b) T&P Cell and (c) finally Director/ competent authority. Students should reach the venue well in advance with minimum days of loss of class work. Before leaving the campus, students should write the departure details in the register kept in campus T&P Cell. If any student fails to provide details in the register would not be considered for the drive. Students are permitted to leave the campus for attending placement process at other campus/institution only when they fulfill all the requirements i.e. eligibility and proper gate pass. Student must attend the recruitment process without fail. Student must return to the campus as soon as placement process is completed and furnish the arrival details to T&P Cell. Violation of above procedure will attract disciplinary action.

5) **OFF CAMPUS OPPORTUNITIES** Job announcement (off campus) will be posted on campus local hub and also on notice boards and students are advised to make use of this information. Procedure decided by the T&P Cell should be followed for registration, travel for attending the drive, permission to leave the campus etc. Students who have registered for the limited student company drive and got short listed, but did not attend the drive will be considered as attempted. However student is permitted to

withdraw the registration by submitted application for withdrawal within the stipulated time notified by T&P Cell and should obtain the permission from FIC/placement officer well in advance. 6) INVITATION TO COMPANIES FOR PLACEMENTS T&P Cell would initiate the invitations to various companies along with relevant information for campus recruitment of final year B.Tech and M.Tech students well ahead i.e. during March to May every year and later follow up on regular basis. Email / hardcopy correspondence should be made with the companies. Only one official Email ID should be used for all correspondence and T&P Cell is responsible for email content sent through the email ID. Placement officer and other officers connected to T&P Cell should interact and meet with potential recruiting companies on regular basis. Faculty In-charge also should interact with company executives as and when required. Approval for such visits should be obtained from competent authority before planning the journeys. Usually the placements would commence from 1<sup>st</sup> September every year, but based on the requirement, T&P Cell may change the date in consultation with officers concern. If any company expresses willingness to visit the campus for selection process on its own, T&P Cell should verify the credentials of the company before inviting them for campus placements. 7) DEPARTMENT FACULTY REPRESENTATIVES AND STUDENT REPRESENTATIVES Head of the department of each branch should nominate one faculty member, in consultation with departmental faculty, as department faculty representative (Academic Year term) for placement and summer internships. Dept faculty representative should help in conveying information on job announcement to students, student registration for each campus drive, summer internship registration, off campus drive at different places etc. 02 students representative (one boy and one girl) from B. Tech and M Tech should be identified by HOD of the each dept in consultation with dept faculty representative for placement and inform the same to T&P Cell through Email. 12 Nos of Student representatives (06 branches) and M Tech representatives of T&P Cell should help in (i) student registration (ii) placement drives (iii) training programme etc and assist FIC/PO/office coordinator as and when required in the activities of T & P Cell.

Placement Policy Home Recruiters Placement Policy ?PLACEMENT IS NOT GIVEN, IT HAS TO BE EARNED? Campus placement is a facility provided for all students of RGUKT Basar. Registration is

mandatory/compulsory and students not interested in industry jobs are requested not to register for jobs placements and same should be intimated to placement cell in writing. Students having more than one course backlogs are advised not to register for placements and are advised to improve their performance and register after clearing all the backlogs. It is the prime responsibility for every student to check eligibility criteria before applying for a company. The eligibility criteria and other information are usually uploaded on University Hub with subsequent updates. It is the responsibility of the student to check announcements/notices/updated information/shortlisted names etc. in the notice boards and placement website. Students are expected to be in time as per the announcements. There is no limit on number of registrations by a student who can make for any proposed drive. RGUKT Basar follows 'One Student One Job Policy'. Students who have received one offer will be de-registered from subsequent placement Drives with an exception of one more attempt i.e. to appear for a single CORE job/ Dream offer (5 LPA). Every student who is selected by a company is out of placement thereafter i.e. deregistered from subsequent placement Process. If a company approaches with specific requirements such as top 5% or top 20% academic records, then the students who come under this category would be permitted for three companies with such specific requirements. This is applicable for only those students who are in registered list at that point of time. If any student registers for a company and doesn't turn up for the recruitment process, he would be considered as absentee/Defaulter and would not be permitted for next two drives, for those who do not turn up for Pre-Placement Talk, same would be applicable. However, student is permitted to withdraw the registration by submitted application for withdrawal within the stipulated time (Day before the drive) notified by Training & Placement Office and should obtain the permission from Faculty In-Charge/Placement officer well in advance. No intimation will count as absenteeism. If any students qualify/clears written/online exam conducted by the company and doesn't appear for successive rounds, then he/she would be debarred from all further placement drives if he/she is not able to provide satisfactory explanation. Wait listing policy: All the students who have waiting listing offer will be allowed to appear for subsequent drives until he/she land in a job. Students should maintain discipline and decorum in every action they take during the placement process. Any

student found violating any rules of general ethic and etiquette as deemed by the company or Placement Office will be debarred from the subsequent placement process. Students found cheating or misbehaving during the selection process (PPT/Test/GD/Interview) will be debarred from the subsequent placement process. If a student is unplaced, and is interning (4/II) project at company's premises, she/ he is free to continue applying for drives on campus. However, permission to appear for the drives will be under sole discretion of the company where he/she is interning. Before applying for any company students must consciously go through all the details about the company/offer to be made by company/domain etc. later after getting selected without any valid/genuine reason student is not advised to reject the offer, this would lead to deregistration from further drives. After selection, we wish not to hear? I just attempted, I was not interested still just tried? all the excuses would not be considered as T&P believes in a fair chance for all the eligible students. Students are not allowed to contact company/HR Delegates directly for any reason. If they are facing any problem, they have to first contact their Placement office and discuss their problem with them. Any Violation of the same would lead to debarment in further placement drives. The responsibility of going through the offer letter and taking actions therein such as submission of documents lies entirely with the student. In case offers are received directly by the student from the company, the same must be intimated to the Placement Office. After having accepted a job offer, if a student does not wish to join a company due to genuine reasons such as pursuing higher studies, then the students has to inform the Placement Office and directly communicate the company of her/his decision. It is likely that they might abide by the agreements/bonds they enter into with the company. Training and Placement office assumes that every selected student will pass the medical test if required by the company. If there is a rejection at this stage, the student's registration will be renewed and the student becomes eligible again to seek placement through this office in the same placement session. If the total number of students who rejects offers for NO valid reason exceeds 20% of the total placed candidates in a particular department. Then the entire department would be debarred from any placement activities for the subsequent academic year. Training and Placement office reserves the right to change any or all of the above rules and is the sole authority in taking decisions pertaining to

placements from the institute. Any grievances must be brought up to the notice of Placement office for resolution.

number of students who rejects offers for NO valid reason exceeds 20% of the total placed candidates in a particular department. Then the entire department would be debarred from any placement activities for the subsequent academic year. Training and Placement office reserves the right to change any or all of the above rules and is the sole authority in taking decisions pertaining to placements from the institute. Any grievances must be brought up to the notice of Placement office for resolution.
